INDEX TO VOL. XI (B)

AUTHORS' INDEX

Ayer, A. Anantha-narayana — A note on the morphology of the iliofemoral ligament of the hip-joint, 218.

Chima, Indar Singh .. *See* Luthra and Chima.

Das, S. M. .. On *Herdmania* (*Rhabdocynthia*) *ennurensis* N.Sp. (A new monascidian from Madras), 50.

Jha, V. R. .. *See* Ranjan and Jha.

Kausik, S. B. .. A contribution to the embryology of *Enalus acoroides* (L. fil.), Steud, 83.

Lal, M.B. .. *See* Singh and Lal.

Luthra, Jai Chand, and Chima, Indar Singh — Some studies on the metabolism and growth of Malta oranges, 61.

Mahadevan, G. .. Preliminary observations on the structure of the uterus and the placenta of a few Indian Elasmobranchs, 1.

Mathur, P. N. .. The venous system of the pond-turtle, *Lissemys punctata* (*Bonnaterre*), 71.

Mello, I. F. de .. Experimental studies on diets deficient in vitamin B and their influence on the intestinal yeast flora of animals, 225.

Parukutty, P. R. .. The myxophyceæ of the Travancore State, India, 117.

Rahman, Khan A., and Sapra Amarnath — Mites of the family tetranychidæ from Lyallpur with descriptions of four new species, 177.

Randhawa, M. S. .. A note on a club-shaped variety of *Botrydium granulatum* (L.) Grev. var. *Clavaeformis* var. nov. 222.

Ranjan, Shri, and Jha, V. R. — The effect of ethylene and sulphur dioxide on the fruits of *Mangifera indica*, 267.

Rao, C. Krishnaswami .. *See* Srikantia and others.

Rao, C. Suryaprakasa .. The myxophyceae of the Delhi Province, India—I, 125.

Rao, H. S. .. On the anatomy of *Lycopodiopsis Derbyi* Renault with remarks on the Southern Palæozoic lycopods, 197.

Rao, P. R. Subba .. *See* Srikantia and others.

Rau, M. Anantaswamy .. An embryological study of *Suriana maritima* Linn., 100.

Row, T. Prasannasimha .. *See* Srikantia and others.

Sapra, Amar Nath .. *See* Rahman and Sapra.

Singh, B. N., and Lal, M. B. Studies in the analysis of fertiliser effects—II. Photosynthetic efficiency of *Saccharum officinarum* leaves as influenced by certain manurial treatments, 133.

Singh, B. N., and Singh, M. P. Diurnal march of carbohydrates in relation to biochemic constitution of leaves, 236.

Singh, M. P. .. *See* Singh and Singh.

Sinha, S. .. On the characters of *Choanephora cucurbitarum* Thaxter on chillies (*Capsicum* spp.), 162.

A wet rot of leaves of *Colocasia antiquorum* due to secondary infection by *Choanephora cucurbitarum* Thaxter and *Choanephora trispora* Thaxter sp. (= *Blakeslea trispora* Thaxter), 167.

Sreenivasaya, M. .. *See* Venkiteswaran and Sreenivasaya.

Srikantia, C., Rao, C. Krishnaswami, and Row, T. Prasannasimha Glutathion in anæmias. Its variations in the blood and its relation to the erythrocyte count and hæmoglobin contents, 257.

Srikantia, C., Rao, P. R. Subba, and Row, T. Prasannasimha Glutathion in ocular diseases, 155.

Srinivasachar, D. .. Embryological studies of some members of Rhamnaceæ, 107.

Venkiteswaran, S. L., and Sreenivasaya, M. On tyrosinase of *Dolichos lablab*—I. Methods of estimation and the oxidation of different substrates, 248.

Verma, G. S. .. A new species of *Bombardia* (*B. hyalina* sp. nov.) occurring on dry twigs of *Thunbergia grandiflora* Roxb., 45.

TITLE INDEX

Anatomy of *Lycopodiopsis Derbyi* Renault—with remarks on the Southern palæozoic lycopods (Rao), 197.

Bombardia (*B. hyalina* sp. nov.),—a new species of, occurring on dry twigs of *Thunbergia grandiflora* Roxb. (Verma), 45.

Botrydium granulatum (L.) Grev. var., *Clavæformis* var. nov.,—a note on a club-shaped variety (Randhawa), 222.

Carbohydrates, diurnal march, in relation to biochemic constitution of leaves (Singh and Singh), 236.

Choanephora cucurbitarum Thaxter on chillies (*Capsicum* spp.), on the characters (Sinha), 162.

Colocasia antiquorum, a wet rot of leaves of, due to secondary infection by *Choanephora cucurbitarum* Thaxter and *Choanephora trispora* Thaxter sp. (=*Blakeslea trispora* Thaxter) (Sinha), 167.

Diets deficient in vitamin B and their influence on the intestinal yeast flora of animals,—experimental studies (Mello), 225.

Elasmobranchs, a few Indian, structure of the uterus and the placenta, preliminary observations (Mahadevan), 1.

Embryological studies of some members of Rhamnaceæ (Srinivasachar), 107.

Embryological study of *Suriana maritima* Linn. (Rau), 100.

Embryology of *Enalus acoroides* (L. fil.), Steud,—a contribution (Kausik), 83.

Fertiliser effects, analysis, studies II (Singh and Lal), 133.

Glutathion in anæmias. Its variations in the blood and its relation to the erythrocyte count and hæmoglobin content (Srikantia and others), 257.

Glutathion in ocular diseases (Srikantia and others), 155.

Herdmania (*Rhabdocynthia*) *ennurensis* N.Sp. (a new monascidian from Madras) (Das), 50.

Lissemys punctata (*Bonnaterre*), pond-turtle, the venous system (Mathur), 71.

Mangifera indica, fruits of, the effect of ethylene and sulphur dioxide (Ranjan and Jha), 267.

Metabolism and growth of Malta oranges, some studies (Luthra and Chima), 61.

Mites of the family tetranychidæ from Lyallpur with descriptions of four new species (Rahman and Sapra), 177.

Morphology of the iliofemoral ligament of the hip-joint,—a note (Ayer), 218.

Myxophyceae of the Delhi Province, India—I (Rao), 125.

Myxophyceae of the Travancore State, India (Parukutty), 117.

Tyrosinase of *Dolichos lablab*—I (Venkiteswaran and Sreenivasaya), 248.
